Vincent Kimura, Smart Yields Hawaii
 Agroecology/Agriculture Technology

<p>First Question</p>	<p>When have you needed a mentor in your life? What did they do for you? Do you still see them?</p>
<p>Vincent Kimura</p> 	<p>Who is he? What does he do?</p> <p>How did Vincent Kimura start his journey towards becoming an agricultural entrepreneur?</p> <p>Vincent believes that "A small farmer struggling is a sign of an unsustainable community." Do you agree or disagree with him? Why?</p>
<p>Working at a sustainable farm in Hawaii</p> <p>TomKat Ranch, Pescadero: https://tomkatranch.org/</p>	<p>What is a "sustainable farm?"</p> <p>What are the 5 main tenets of the TomKat ranching method?</p> <p>In what areas could they improve?</p> <p>Critical thinking: How can regenerative farming transform agriculture? What would be</p>

difficult about implementing widespread regenerative farming?

Sustainable Career Paths

www.onetonline.org

Search for the careers on the right using the above website.

1. What is the closest career that you can find?
2. How much can you expect to make in this career?
3. What characteristics does a person need to have for success in this career?
4. What kinds on environments would you work in?
