## SustainWDN™ Green Job Shadow Day & Sustainable Career Pathways Video Series Premiere

[Register today for this invitation-only event!](#)

By popular demand, The Stone Soup Leadership Institute is hosting our second Green Job Shadow Day!

Join Renewable Engineer, Oscar Tobacia, and students from our partner schools for the premiere of The Institute's Sustainable Career Pathways Video Series. In this video series, Oscar shares his journey and encourages young people to find mentors to guide them as they explore their careers. The Institute's Sustainability Coordinator, Trevor Tanaka, will share the Climate Education Curriculum's Sustainable Career Pathways.

On February 2, 2023, The Institute hosted the [first-ever Green Job Shadow Day](#) and launched The Institute's Sustainable Career Mentor Initiative, a disruptive model designed to help meet the urgent need to train students for millions of renewable energy jobs. Youth delegates from The Institute's 2023 Leadership Program joined us to share their dreams for pursuing sustainable careers.

We hope you [register today](#) to learn how YOU can make a BIG difference with the Sustainable Career Mentor Initiative.

Thank you to Co-Hosts XODUS and New Bedford Ocean Cluster
